

Photographic Walks

Enjoy walking? Enjoy taking photos? Then the photography themed walks could be just for you. The group holds occasional photographic walks in our region to capture scenes through the lens of a camera as we step out on walks of around 4-5 miles. All are welcome with whatever type of camera or level of ability you have. Whilst enjoying the walk perhaps you'll be able to pick up some tips to help capture those great outdoor shots.

So check out the latest programme to see when the next photographic walks have been scheduled. In the past we have been to locations such as Knebworth park and along the River Lee near Hertford. Since we have to schedule the walks in advance and the weather could affect them on the day, we normally meet at the same point as the main walk of the day and join that if the weather is not suitable for photography.

If you are interested in finding out more about the photographic walks or have any suggestions for future walks then please get in contact with either Des or Chris:

Des Brown 01438 213365 desphotoman.stevenage@ntlworld.com

Chris Young 01462 454952 chris.young@dsl.pipex.com

With an active group web site at <http://www.nhr.org.uk/> there's never been a better time to brush up on your photography and share your great pictures of our countryside for all to see!
